

I am outraged that the FCC has allowed Sinclair broadcasting its illegal use of public airwaves to force anti-Kerry propaganda down the throats of American voters. You have evidently become another accomplice to the GOP's many tentacled efforts to steal yet another election. Please exercise your public duty, stop pandering to corporations and your own political agendas, desist from allowing Sinclair to be a Republican mouthpiece and require it to serve all Americans. If Sinclair airs to anti-Kerry piece, it must be required to give equal free time to the Kerry campaign.
